Outro *rubato*

2. First I breathe out
 the wind strokes your hair
 but the sorrow has narrowed your eyes
 now I close mine
 I gather my strenght 'cause I know well
 that this is our play

and I say "I'm fine
 how can others judge my substance
 when all this is me?"
 you shake your head in disbelief
 I know theres nothing more
 I can say

3. (instrumental)

I wish I could go back
 embrace you, stop the flood of words
 'cause words don't mean a thing
 and all that matters
 is silent so we can hear
 the mystic songs of the wind
